

Thank you again for registering for Raritan Headwaters' Stream Cleanup on April 14th from 9 am - 12 noon. This event will be held rain or shine. This email is confirmation of your successful registration. If any of the information displayed below is incorrect, please contact us as soon as possible.

### **Site Descriptions:**

For more information about your site including driving directions, please click [HERE](#). Scroll through the pages to find your site number (they are organized in numerical order).

### **Logistics:**

On the morning of the cleanup, you will be greeted by your Site Coordinator at the designated meeting location. The site coordinator will have you sign-in and provide you with your trash bags, gloves, water, and snacks. The Site Coordinator will orient you to the site and explain the area to be cleaned up. Please bring your trash bags to the designated drop off location at the end of the event. This is a kid-friendly service project, but please keep a close eye on your children throughout the event because their safety is paramount.

### **What to Wear:**

This event is rain or shine, dress accordingly. No one is required to get into the stream. If working on land wear a hat, sturdy boots or shoes, and long-sleeved shirts and pants for tick protection. Stream depth varies across our stream cleanup sites and changes with the weather, if you plan on getting in the stream come prepared with rubber boots or waders.

### **What to Bring:**

You are encouraged to bring your own reusable water bottle and work gloves. Raritan Headwaters will provide trash bags, gloves, water and snacks. If you sign up later than March 26th, please come prepared with your own gloves and bags.

### **Data Collection:**

This year Raritan Headwaters is asking you to collect data on the number of plastic bags you cleanup. Data sheets will be provided.

Thank you,

Angela Gorczyca
